PVS Builders Website Overview

This PDF contains a summarized overview of the website content from PVS Builders & Developers, including company profile, services, projects, customer care, mission, and quality policy.

Homepage Overview

PVS Builders & Developers, a division of KTC Group established in 1991, focuses on residential and commercial projects across Kerala including Calicut, Kannur, and Aluva. The company highlights luxury apartments, eco-friendly living, smart homes, and modern amenities.

Featured Projects

Projects highlighted on the website include Golden Nest, PVS Classic, 50 Crossroads, Silver Springs, and PVS IRIS Apartments. The projects focus on modern living spaces and smart home features.

Services

The company provides home loan assistance, rental assistance, interior designing, maintenance support, plumbing, electrical services, and home care solutions for customers.

Mission

PVS Builders aims to provide a wide range of homes from economy flats to luxury apartments with modern facilities, comfort, and value for money while maintaining customer trust and project quality.

Customer Care

The company emphasizes customer satisfaction, after-sales service, and support for homeowners. It highlights trust, transparency, and commitment to delivering quality housing projects.

Quality Policy

PVS Builders states that it focuses on quality construction, timely delivery, customer satisfaction, modern construction trends, and high-grade materials.
